Spin Effect Technology is a racket and string pattern innovation that increases ball spin. Pros often customize the racket they use. Racket specifications on endorsed consumer models may vary from the models used by Pros for match-play.

pro staff®

The sport of tennis is evolving, so is the Pro Staff. Developed with the help of Roger Federer and engineered for the next generation of tennis, the new Pro Staff delivers more power, a larger headsize, and a bigger sweetspot, but keeps the pure, classic feel that players love.
